October 9, 2009

James Cecil
Commanding Officer, USS Commonwealth
511 Letcher Ave
Richmond, KY 40475

Dear James:

Pursuant to the guidelines outlined and dictated within the text of STARFLEET Admiralty Board Resolution AB 99-01 (Regional Creation/Re-alignment,) this letter is to serve as official notice of the intent to form a new region within STARFLEET: The International Star Trek Fan Association, Inc. (SFI) comprised of the states of Indiana and Kentucky, which currently are a part of Region One, a geographical and administrative region within SFI currently comprised of the states of Indiana, Kentucky, North Carolina, Ohio, South Carolina, Virginia, and West Virginia within the United States of America.

The proposed new region shall be known as Region Twenty-One (R21) in keeping with the established regional numbering convention adopted and in use by SFI.

The commanding officers of the six Chapters residing within the states of Indiana and Kentucky have discussed the formation of a new region and a majority of said commanding officers agree that the formation of a new region is both desired and possible. Therefore, this letter has been drafted to express that the process to move forward with the formation of the proposed R21 has officially started. In compliance with AB 99-01, a petition will be circulated shortly to all Chapter commanding and executive officers within the states of Indiana and Kentucky. The petition to create R21 will be delivered to the Admiralty Board of SFI for review and a vote of either approval or disapproval.

On behalf of the Chapters within Indiana and Kentucky wishing to pursue the formation of Region Twenty-One, I thank you for your time.

Warmest Regards,

Antonio J. Lopes III
Chief Representative
The Committee for the Formation of Region Twenty-One
